

## **Mike Anastasia Square Dance Class - Definitions for Week 10**

**FLUTTERWHEEL/REVERSE FLUTTERWHEEL:** Typical starting formation - facing couples. On Flutterwheel, the right-hand dancers make a two-person right-hand star and turn halfway while the left-hand dancers slide left. Centers join their left hands with the other dancers' right hands. Dancers turn the star another half to end as couples. On Reverse Flutterwheel, the roles are reversed; the left-hand dancers make a two-person left-hand star, join their right hands with the other dancers' left hands, and finish turning the star.

**SPLIT/BOX CIRCULATE:** Typical starting formation - mini-wave box. Leaders flip over into the position next to them (as on run or trade). Trailers walk forward into the vacant position ahead of them. Ends in a mini-wave box.

**SLIDE THRU:** Typical starting formation - facing dancers. Dancers pass thru, and ladies turn 90° to the left while men turn 90° to the right. Ends in a couple or mini-wave.

**SWEEP A QUARTER:** Typical starting formation - facing couples. Sweep a Quarter may be called after a call that ended with all dancers moving in the same direction around the center of their box. Couples continue circling 1/4 in the same direction they were previously moving. Ends in facing couples.
